Financial Policy

We realize every person's financial situation is different. For this reason, we have worked hard to provide a variety of payments options to help you receive the dental care you want and need with the respect to monthly expenditures

As part of our services to you, we will file electronically each insurance claim with the technical dental language and proper codes at each of your appointments. We will do everything we can to maximize your insurance benefit. While we realize it is difficult to estimate exactly what your insurance company will pay and what it will not we do our best to estimate benefits base upon commonly used industry standard. Payment for services is due at the time of service unless a prior arrangement has been made. Accounts that become delinquent may be assessed late fees and billing charges of which you are responsible. If outside collection means become necessary, the responsible party will assume all collection cost incurred.

Because your health is so important we will not allow your insurance company to dictate treatment based upon finances and not patient health. We do not sign contract with any insurance company; our only contract is with you!

Please sign below to authorize submission of your dental claims and that you have read and accept the Financial Policy.
